Introduction of Univar Glattol 4103 982

Univar Glattol 4103 982 replaces Shell Alvania 0982.

Univar Glattol 4103 982 is a grease based on a synthetic liquid with an excellent oxidation stability as well as very good anticorrosion properties and low temperature behaviour. Based on these properties this grease is extremely suitable for lubricate instruments and fine-mechanic pieces in devices.

Applications: Instruments and fine-mechanic pieces in apparatus

Materialinformation:

Name	Materialnumber	Description
Univar Glattol 4103 982	2003359	1 x 20 kg

If in doubt, you can find Shell lubricant recommendations on Shell Lubematch or scanning the QR code below.
