

Product News Issue 6 - 2014

Unik HDDEO from Shell to Scania engines running on bio-ethanol

Shell HD 1407 was specifically developed for use in Scania engines running on bio-ethanol ED95. Based on Shell's synthetic base oil and specially developed additives Shell HD 1407 effectively protects the engine against deposits and wear. In extensive field trials in Scania trucks and buses powered by bio-ethanol engines Shell HD 1407 demonstrated to keep the engine exceptionally clean, without any sign of wear or corrosion. Shell HD 1407 is used as first fill at the Scania factory and as service fill hereafter.

Specifications and approvals: Scania BEO-2
SAE Viscosity grade: 10W-40

Shell HD 1407 will be introduced in following 3 SKUs:

2010250	Shell HD 1407	1*209L
2009978	Shell HD 1407	1*1000L
2009855	Shell HD 1407	BULK
